**"A Timeless Odyssey" is an invitation to travel through space and time, from the Renaissance to 2019, through the Baroque and the Impressionists, with the sound of the 12-String guitar DODEKA of Anders Miolin.**

A unique instrument designed by Anders himself and the luthier Ermanno Chiavi, the DODEKA guitar has an unprecedented range, covering 4 octaves and a fifth. This deepness of sound is wonderfully expressed in the new arrangements made for this album. In addition to the works from the guitar canon, we present the world-premiere recording of the work entitled "Une Odyssée de Rêves Lucides" (An Odyssey of Lucid Dreams), composed by Anders Miolin.

Performer, composer, arranger, professor, instrument developer, and a traveler himself, Anders Miolin's multifaceted personality expresses itself in his recordings. The listener will enjoy an unusual interpretative depth, performed with the charm of the Renaissance artist.

"A Timeless Odyssey" is Anders Miolin's twelfth solo album, and the first of a series of thematic albums that will be produced by Prima Classic in the coming years.

**Anders Miolin has a large following both at the concert hall and online. His YouTube videos have over 800,000 combined views, he has over 1 million plays on Spotify and 44,000 monthly listeners.**

### **Anders Miolin**

Anders Miolin was born in Stockholm and studied at the music academies in Copenhagen, Malmö and Basel. He is professor of classical guitar at Zurich University of the Arts, Switzerland, receiving international acclaim as a performer, teacher, recording artist, arranger and composer. He has released eleven albums with internationally renowned labels.

"A Timeless Odyssey" is the first album in a long series of captivating thematic recordings to be released in the coming years with PRIMA CLASSIC.

The highly distinguished artistry of Anders Miolin is characterized by a unique instrument, unique programs and a unique sound. Anders Miolin is a cosmopolitan in styles whilst continuing and developing the guitar tradition. His programs span from the Renaissance to contemporary music, with a daring twist of improvisation. As an arranger and composer, he aims to create exciting and timeless soundscapes beyond the everyday experience, searching to evoke emotion and phantasy in the listener. His philosophy is to contemplate the human life as a journey – through time, space, and experience – always with appreciation for the moment's beauty. This way, his compositions explore the life as an Odyssey. Anders Miolin performs on the unique 12-string guitar DODEKA, his creation of a sound universe beyond the ordinary, built by the Swiss luthier Ermanno Chiavi.
